STOCK #: CIRC-045-16-0900-46-RASC-FORH-MS

45 DEG ARC

16 RISE

15 TREAD

9.00" RUN

46" WIDTH

NOTES:

Every stock circular stair plan has a defined walkline radius measured at 12" from the narrow end of the treads (excluding nosings). Local codes may follow different guidelines. In addition to the Walkline Unit Run, all circular stair plans also include the following dimensions:

- A) Overall Depth
- B) Overall Width
- C) Rough Opening
- D) Stair Width
- E) Inside Stringer Face Radius
- F) Outside Stringer Face Radius
- G) Rough Wall Framing Radii
(Based on $\frac{1}{2}$ " GWB)
- H) Stringer Face Offsets
- I) Rough Header Offset
- J) Outside Unit Run
- K) Inside Unit Run
